

Hi Christos,

We undertook our hardest 'shoot' yet yesterday. Interviewing an MS sufferer. The physical challenges associated with MS is one thing. The impact on family life is devastating. A 36-year-old mum put in a group accommodation unit. Her kids (5 yrs) do not want to visit her because it scares them.

We are proud to be able to support Freedom Housing. Hope for MS sufferers to live at home and receive care - whilst continuing family life!
