Dear Christos,

We have been very interested in the Freedom Housing Model following the DisabilityCare Australia conference in June. We feel it is a model that could provide whole of life consistent care for children and young people and is an opportunity worth further exploration.

We would welcome the opportunity to partner with you in a trial of Freedom Housing in Sydney focusing at least one of the properties on children and young people with a profound disability.

We would be very interested in utilizing the property for our services once the trial has been completed.

Looking forward to working with you

Yours Sincerely
